CBSE

04/2014 - 05/2015   Percentage - 63.60

BCA (bachelor of computer application)
guru gobind singh indraprastha university

08/2016 - 07/2019   Percentage - 74.87

MCA (master of computer application)
guru gobind singh indraprastha university

08/2019 - 08/2021   Percentage - 74.63

WORK EXPERIENCE (2 YEARS)

Avani Metrobuzz
One year experience as a Developer, B2C Product Seller and Analyst

04/2021 - 04/2022   work from home/office (hybrid)

Tasks

- Created Avani Metrobuzz website using Python Django web framework and hosted on Vultr cloud platform.
- Managed product sales on Amazon and Flipkart, including advertising campaigns to boost sales.
- Conducted data analysis of previous years' data to create insightful dashboards for the company.

Confidential
One year experience as a developer

05/2022 - Present   work from home/office (hybrid)

My tasks

- I have gained a year of experience working with current company, where I developed my skills in Python, SQL, pypark, machine learning, deep learning, time series and NLP.
- During my tenure, I contributed to building data-driven solutions for various projects, including sentiment analysis, recommendation system, predictive modeling and many more.
- I worked with cross-functional teams to deliver high-quality results and gained a deeper understanding of data analysis and its impact on business outcomes.

ACHIVEMENTS
Created python online course on udemy.com with enrollment of 35,970 students with 815 ratings. (view) ⬈
